JL 7/21/83

One of the loose records you sent, 105-121863, Frente Revolucionario Anti-Comunista, says on the first page, "Do not include the (emphasis added) data concerning the John and Robert Kennedy assassinations as it has no baring on activities of captioned group."

This seems to say that there are records pertaining to those assassinations and this gang.

It is not immediately apparent that there i such information and it is not relevant.
